

#INTEGRAeu Newsletter – March 2020

Since November 2019, we have been facilitating several workshops to present the [Mentoring and Integration tools](#) of the [MIP Program](#) to professionals working in care centers with young care leavers and professionals working with unaccompanied minors.

The [P4C - Platform for Cooperation](#) was also presented to several stakeholders located in the **#INTEGRAeu** partners countries.

Next step is to **facilitate the material** to further professionals and wait that both the **tools and the platform can contribute** positively to the **development of the professionals' capabilities** and to the **exchange of information** between entities for the betterment of children and young adults lives.
